Chairperson

VICE CHAIRPERSON'S MESSAGE

PSV College of Arts and Science being one of the best college of Pondicherry, is known for imparting higher education in various areas of Arts and Science Discipline. The Institution is known for its enviable achievements not only in higher education but also in games and sports. We are helping the students to develop their knowledge, skills and attitude to use them for the growth and prosperity of the society.

Our education empowers the society to grow in real sense by overcoming poverty, ignorance and lack of esteem. Barring all barriers, education should be spread to every stream of society and individual. PSV College of Arts and Science is keen in sustaining this vision with all its capacities. We have been taking every possible measure to bring the youth under one roof that can provide them modern education to counter challengers ahead. We believe in the development of students in such a way that ensures admirable future for them.

Principal Message:

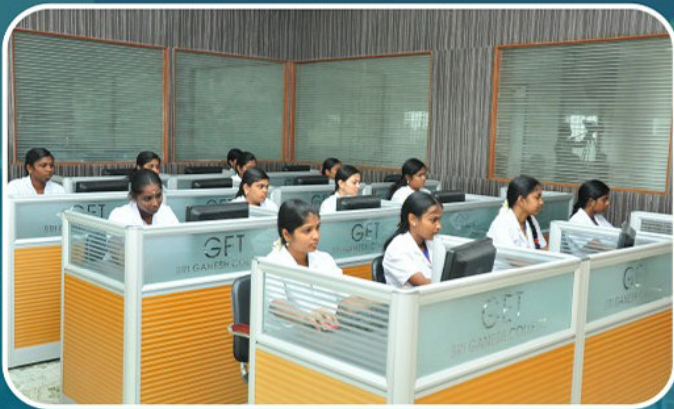

Education is vital to the overall growth of society. Education's position is far more than simply imparting and assimilating knowledge and theory. The real aim of education is far more than merely conferring degrees and qualifications on students. The ultimate aim of education is to discover the meaning of life and to fulfil it for all, including oneself.

In order to achieve our vision and mission, we are willing to put forth as much effort as possible to improve India's academic situation. PSV College focuses not only on theoretical education, but also on the growth of a student's personality, extracurricular activities, and overall perspective. Our PSV College of Arts and Science, in my opinion, is more than just a place to study. It helps you to develop by supplying you with what you need to succeed.

At PSV College, we make sure that students get the best start in their future careers, so that they can develop into smart and responsible citizens of our great country. I wish all of the students the best of luck in their professions and a promising future.
